The Port Alberni Port Authority is pleased to announce the appointment of Ron Kyle to the position of Operations Manager effective January 1, 2016.

Ron has demonstrated a distinct level of expertise in overseeing key infrastructure projects during his tenure as Manager of Marina Services since starting that role in June, 2014. Given the ongoing number of priority projects, such as the development at the Somass Pier and upland, and a number of other critical infrastructure works that require attention over the near and long terms the Port believed it necessary to dedicate resources to manage these projects on a regular basis. PAPA is fortunate that it has the in-house expertise with Ron Kyle to successfully manage these projects.

Please join us in welcoming Ron to his new role in our team!

Zoran Knezevic
President & CEO
